

Hello

Let's explain you what we are
working on.

Together we can make the planet
more circular.

Conscious that the world needs a
change and that it depends on us to
make it happen,
we did our choice and moved a step
forward to final consumers.

The ECONYL[®] e-shop is a digital platform where conscious shoppers can meet, learn and buy sustainable products.

Our main activities:

- To educate consumers on true sustainability and create a **community** committed to buy products good for us and for the planet
- To promote Brands that share our same values and use ECONYL® nylon in their products.

Let your Brand meet
the ECONYL® Community

Discover how to join the ECONYL® Club.

[Click here and show your interest in the ECONYL® Club](#)
and we'll carry on this conversation together.
